1957 REGULAR SESSION

DOCUMENTS DEPT.
SAN FRANCISCO
PUBLIC LIBRARY

Submitted to:

Hon. George Christopher, Mayor
City and County of San Francisco

March 4, 1957

March 4, 1957

Honorable George Christopher, Mayor
City and County of San Francisco
200 City Hall
San Francisco 2, California

Dear Mayor Christopher:

We are submitting for your approval a digest of those bills now pending before the 1957 session of the California State Legislature which, in our opinion affect, or could be amended in such a manner as to affect, the City and County of San Francisco.

This report is divided into two sections. One covers bills of a general nature while the second contains only water measures. As the general problem of water and its allocation will very possibly be a highly controversial one, and because of San Francisco's very vital stake in this matter, we felt a separate water report was necessary.

Due to the great number of spot and skeleton bills introduced it has not been possible to render as complete a digest of all bills as we would have preferred. Accordingly, the principle purpose of the reports is to call to the attention of department heads those bills which may affect various city departments.

Several bills have been introduced at the suggestion of the State Legislation Committee and the Board of Supervisors. These bills cover: (1) Removal of the paramount eminent domain powers of the World Trade Center. (2) The power of eminent domain for the obtaining of land for a wholesale produce area. (3) A plan for classes in the County Jail, with reimbursement by the State. (4) Amendments to the Constitution and the Public Resources Code relative to telephone franchises. (5) Amendments to the Hunters Point Reclamation District Act relative to finances and street patterns. (6) Amendment to the Bradley-Burns Sales Tax Act enabling San Francisco to take advantage of the reciprocal features of that act. (7) A series of bills attempting to clarify various sections of the redevelopment act. (8) A rapid transit bill spelling out the tax features which San Francisco generally favors. (9) An act to make the Southern Freeway part of the State Highway System. (10) A constitutional amendment to give a redevelopment agency the right to immediate possession in acquiring land in a project area. (11) An amendment to the Elections Code that would permit the use of IBM punch card system for duplicate voters affidavits. (12) An amendment to the Government Code permitting boards of supervisors to establish wholesale produce markets.

Digitized by the Internet Archive
in 2017 with funding from
San Francisco Public Library

We intend to keep departments advised of any amendments that may be introduced from time to time to any bill in which they are interested.

Respectfully submitted,

Donald W. Cleary
Legislative Representative

Bernard J. Ward
Deputy City Attorney

DWC-BJW/b

DEPARTMENTAL INDEX TO BILLS
